**3. How do you feel about this vision?**

ACCT is focused on securing the best possible outcomes for all our children through:

- Shared use of resources, opportunities and expertise, especially in our area of North Devon, where access to these, is often challenging
- Shared opportunities to work across a range of settings and communities
- Collective brokering of services and opportunities for children and staff development, thus offering better value for money for each of our schools
- Strong local accountability with priorities responsive to our local situation and diverse collection of schools.

**The key aims of our Trust are to:**

- make the quality of teaching and learning our highest priority
- develop a support structure which ensures children can achieve their potential, both by ensuring a safe and happy environment and by knowing each child as an individual
- seek to make every child feel a part of the community by increasing their ownership and participation
- celebrate achievement and creativity
- engage parents in an equal partnership to support their child
- invest in our staff to increase our skills and experience
- celebrate and support innovation and research in teaching and learning by our colleagues
- work closely with our community to raise aspiration and create opportunities and contribute fully to the life of the community
- collaborate with our partners for the benefit of our children and staff.
